# Introduction to ABOUT US

## Definition and Overview

Today, people have various financial needs, and addressing these needs with specialized solutions is what the concept of Infinity Cycle aims for. It stands as a pioneering platform worldwide, focusing on exploration and research (H&GH) (Help and grow help from others). It caters to the holistic living and economic requirements of individuals, presenting a grand scheme.

Through the collaboration of experienced groups, it has evolved into a multifaceted initiative, benefiting many in diverse ways. Additionally, its sophistication lies in efficiently meeting saving and investment needs, leveraging various financial services available in the current market scenario, alongside providing an assistance among individuals using cryptocurrency (USDT), all under one unified platform.

# HOW IT WORKS

- 1) Regardless of where in the world they reside, anyone can register. They'll need an email address and will be assigned a username upon registration. Once they have their username, they can contribute to someone in need based on seniority. Assistance can also be provided with a gateway wallet. Those who receive assistance are then encouraged to contribute back. This reciprocal system allows for individuals to ascend independently. The person who receives assistance can later become an aid provider, either to their original benefactor or to a new beneficiary.
- 2) Each person can only receive direct assistance once in each cycle, progressing through four stages before completing a cycle and receiving final assistance. When completing the final stage, there's an opportunity to receive a comprehensive assistance amount.
- 3) Furthermore, each person can nominate three others for assistance, not just by receiving, but also by giving back. This ensures that everyone has this opportunity to both give and receive full assistance.
- 4) The way Infinity Cycle works is that it combines traditional and innovative technologies, incorporating well-known business strategies such as crowdfunding, chit funds, and mutual funds. It operates as a self-sustaining technology where individuals both give and receive assistance. Ultimately, it facilitates the improvement of each person's lifestyle and economic development.

# A Global Peer to Peer \$10 Helping Program

CYCLE 1

# Key Points of Infinity Cycles

- **100% fully decentralized platform.**
- **Smart contracts built on the Binance Smart Chain (BSC).**
- **USDT-based automatic payment and withdrawal system.**
- **The world's first decentralized helping platform.**
- **A global single-line queue system for every different stage.**
- **The world's first push-and-pull auto crowd movement system. Zero percent loss for anyone, with increased assistance rewards.**
- **A unique combination of crowdfunding, chit funds, and mutual funds.**

# Passive Income from Infinity Cycle

- In Infinity Cycles, a person progresses through 16 levels across four cycles and reaches the final stage at the 17th level. They can directly join the \$10 or \$100 plan. If they join the \$10 plan, they need to cross all 16 levels, ultimately reaching the 17th level, the final stage. In the \$100 plan, the final stage is reached at the 13th level. As they advance through each level, they receive assistance and rewards from others based on the level they are in.
- For example, if someone joins Cycle 1 in the \$10 plan and does not refer anyone under them, they will still earn passive income through the four cycles, eventually reaching the final stage. After deducting 30%, the total reward they receive will amount to \$5,075.
- When a person refers others in the \$10 plan, the benefits they receive vary based on the level they refer others. If they refer three people right away, they can earn up to \$73,192 at the final stage (after deducting 30%) across the 16 levels. There is no time limit for achieving this.
- If someone directly joins Cycle 2 in the \$100 plan, they will reach the final stage by the 13th level and earn \$11,580 without referring anyone. However, if they refer three people, they can earn up to \$73,192 across 17 levels, after deducting 30%.

# Step Benefits and final assistance

- **Single Id** registration benefits without referral will be **\$7250** for 16 steps and final assistance help.
- 1+3Id's with referral benefits will be \$25000 for 16 steps and final assistance help.
- For 1+3 IDs with a referral and an active **Trump Card** throughout the completion of 16 steps, the total benefit will be \$50,000, including support for the final assistance process.
- For 1+3 IDs with a referral and an active **Trump Card & RPM** throughout the completion of 16 steps, the total benefit will be \$1,00,000, including support for the final assistance process.
